1932 Price - List

Important to Note

YOU will find our 1932 catalog entitled "After Fifty Years," contains some things not included in this price-list.

There's a good reason for such. The catalog includes no stock that is not in our nursery. But not all of it is ready for the market this year.

The catalog, however, is so complete in its helpful information, and cost so much to print, that it might well be in use for more than the one year.

So we have included in it some stock not ready now, that will be later.

Each year's price-list, like this one, will list only such stock as is ready and for sale in goodly quantities.
